Aiding Government—That the motion picture exhibitors are patriotic and willing to do what they can to aid in the war is shown by their generous response to the request of the government that they help in securing thousands of stenographers needed by the government. There are about 20,000 exhibitors in the country, and with few exceptions they all expressed their willingness to aid in whatever way they can. They were asked to run a slide, free of charge, asking for the needed help.

## BRIGHAM CITY'S LIBERTY LOAN DAY

BRIGHAM CITY, Oct. 24.—Liberty day is being observed in this city today by practically everyone, and all business is suspended. The big final drive for liberty bonds is on full blast by the various committees and the belief of prominent men is that Box Elder county's allotment of \$100,000 will be assured before the end of the week. Up until yesterday morning \$45,000 had been subscribed in the county. Inasmuch as the committees decided to complete the work of the house to public meetings during the holiday no public meeting was called as that would interfere with the committee's plans. The executive committee feels that more people will be interviewed in the day's canvass than would attend a meeting.

Funeral services were held yesterday afternoon for Mrs. Peter Baird of the first ward who died early in the week. Mrs. Baird had been an invalid for thirty-seven years, during which time she had been compelled to remain indoors in a chair. Jessie McGilvray Baird was born in Glasgow, Scotland, July 4, 1839, and was married in Liverpool in 1862, starting for America in the following year. Out of thirteen children born to Mrs. Baird only four survive her besides a husband, 27 grand children and six great grandchildren.

In winding up the Liberty loan drive in the third ward of this city, the people of that ward have arranged a concert for Saturday night at which the best local talent will appear and former Bishop Lorenzo N. Stohi of Salt Lake will be here to deliver an address. The proceeds of the concert will be used for the purchase of liberty loans in the name of the ward. No regular admission will be fixed, but the people will be permitted to subscribe to the cause as they please.

## CANNERS OF STATE AT HEADQUARTERS

A meeting was held today in the Weber club with canners of the state in attendance. Fourteen factories were represented, most of them being Weber county and adjacent factories. The purpose of the meeting was to check up on the season's pack and hear reports from the various districts. The meeting was still in session at 8 o'clock.

President Herbert L. Herrington presided.

## KERENSKY MAKES STIRRING APPEAL

Premier Talks to Parliament Running Gamut From Despair to Hope.

PETROGRAD, Tuesday, Oct. 23.—In an emotional address to the parliament today Premier Kerensky appealed to the delegates to arouse in the people the same sense of individual responsibility at the front and in the rear which carried the Russians to victory for a time in the post-revolutionary offensive early in July. The premier deplored the present demoralization of the army.

"If only we could reconcile the enthusiasm of those July days in the heart of each man," he said, "we should have peace by Christmas, an honorable peace for free Russia with the war fought to an honorable end."

The premier talked for an hour running the gamut of emotions from despair to hope. He was applauded on all sides.

"We are not fighting for political ends, but for the very existence of Russia," he declared. "The army in the trenches seems to have lost the sense of duty and honor, although at some places it is filled with patriotic spirit. The batteries at Oesel gave up without a struggle while the little Dago fought a fierce battle."

The premier defended himself from charges made by M. Markoff, radical, who blamed officers for the demoralization of the army and hinted at monarchical plots. He said the Korniloff revolt was not monarchical, but a mere attempt at a dictatorship, as also was the Bolshevik revolt of July.

Peace is Postponed.

"Peace has been postponed by the disintegration of the army by forces which are continuing the work of the old regime," he said.

Other ministers were subjected to a heavy fire of questions. General Verkhovski, minister of war, said the front was not being helped by the rear and no army could fight when it was hungry and cold.

"It seems to be possible to end anarchy only by German bayonets," he declared.

Army Reorganization Urged.

The minister urged that the army be reorganized and that severe punishments be authorized.

General Alexieff, former chief of staff, advocated the reinstatement of army officers who have been expelled, saying they were needed greatly and had been dismissed on unproved charges. These men, he asserted, should have a new chance.

Admiral Verdevski, minister of marine, asked for the restoration of discipline in the navy.

Premier Kerensky did not mention the proposed evacuation of Petrograd, for discussion of which a secret session was requested but refused.

At the Rex today, Donna Drew in "The Lair of the Wolf"; World's Series Baseball games and Gale Henry in "Back to the Kitchen." All first run pictures and all tickets 5c.

## BIG COMPANIES ARE AIDING OGDEN IN LIBERTY LOANS

That corporations, whose operations are national in scope, are, in the main, giving full recognition to Ogden in the matter of Liberty loan subscriptions, has been demonstrated by various telegrams received in the last few days.

C. A. Day, who occupies a position of trust and responsibility for the Federal Reserve bank, and W. H. Watis, president of the Weber club and member of the state committee, were discussing this feature today, in company with a number of other Ogden business men and it was the unanimous verdict of all present that, in the main, the corporations with headquarters outside of Ogden, but which are active here, have done their full duty in regard to placing subscriptions through their Ogden bank connections.

Among the announcements bearing on this subject were the following: "The First National bank reports the gratifying announcement of Mr. P. M. Parry, manager of the Ogden district of the Utah Power & Light company, that his company has subscribed \$75,000 to the Liberty loan, of which \$25,000 is allotted to Ogden."

General Agent Fouts, of the Denver & Rio Grande Railroad company, is also in receipt of a message, dated today, from General Superintendent F. E. Clarity. The message read:

"Please say to Mr. W. H. Watis, member of the state executive committee, that the Denver & Rio Grande Railroad company has subscribed \$25,000 for the purchase of Liberty bonds in Ogden."

The Utah National bank received a letter from Assistant Treasurer Ingram of San Francisco, announcing that his company would see that its subscription was placed here. The amount was not stated, but the Southern Pacific placed \$50,000 for the first Liberty loan and it is confidently expected that the second loan will receive something of an increase—possibly up to \$100,000.

The American Can company of New York, whose subscription of \$20,000 was announced in yesterday's Standard, indicated, in their telegram to the Utah National bank, that they would not only allow this sum to be credited to Ogden but would send the money here for that purpose.

W. H. Watis, late this afternoon, received a message from Assistant Treasurer Jenkinson of the Oregon Short Line to the effect that \$75,000 would be allotted to Ogden by the Union Pacific.

As an incident to the work of securing subscriptions, the Utah National bank, which is well in the lead, as far as Ogden banks are concerned, and puts forth the claim that one of its subscribers has signed applications totalling a greater sum than any other in the locality, if not the state. This subscriber is Joseph Scowcroft, who, in addition to signing the application for \$50,000 for the John Scowcroft & Sons company, also signed, as an executive officer, that of the Amalgamated Sugar company for \$150,000, Empire Copper company for \$25,000, Lion Coal company for \$10,000, Wyoming Coal company for \$5,000; a total of better than a quarter million dollars.

## SUPREME COURT DECIDES CASE

WASHINGTON, Oct. 24.—The law which makes the national capital dry November 1, was upheld as constitutional in the local supreme court today, which dismissed the attacks of liquor dealers.

## CHAMP CLARK ROASTS GRAFTERS

OKLAHOMA CITY, Oct. 24.—A "ring" of New York financiers is hampering the government in its liberty loan campaign, endeavoring to make it a financial failure so that the next loan will bear a higher rate of interest, declared Speaker Champ Clark today in delivering the principal address at the Liberty day celebration. Mr. Clark did not disclose the manner in which the conspirators were working, but declared they are "spiritual descendants of a Port McPherson escaped last night or early today. They were from the ships Prince Eitel Freiderich and Appam, and included two officers.

Army officers at the fort said today that they did not know how the men got away. Reports that they might have had outside aid were being investigated.

## GERMAN SAILORS MAKE ESCAPE

ATLANTA, Ga., Oct. 24.—Ten German sailors of the general cargo liner, interdicted at Port McPherson, escaped last night or early today. They were from the ships Prince Eitel Freiderich and Appam, and included two officers.

Army officers at the fort said today that they did not know how the men got away. Reports that they might have had outside aid were being investigated.

PROBABLY THE CLIENT AGREED ALSO.  
A nervous young lawyer arose to make his first address in a crowded courtroom. He began:  
"Your Honor, my unfortunate client—Your Honor my unfortunate client—Go on, sir! shouted the exasperated judge. As far as you have preceded the court entirely agrees with you—Ladies' Home Journal!"

## BERLIN ADMITS GERMAN DEFEAT

Positions Made Untenable by French Fire and Troops Retreat.

## WAR OFFICE REPORT

Advanced Batteries Blown Up and Left to Petain Forces.

BERLIN, Oct. 24.—In their attack on the Aisne front yesterday, the French at first pressed forward quickly, but later their thrust was arrested by the German reserves, the war office announced today.

The French troops in their attack drove forward to the villages of Aillemant and Chavignon and the positions lying between these points became untenable.

In the withdrawal, the German advanced batteries had to be blown up and left to the French.

## GEN. PERSHING SEES BIG FIGHT

Accompanies French General to German Second Line on Aisne Front.

AMERICAN TRAINING CAMP IN FRANCE, Oct. 24.—(By The Associated Press.)—General Pershing accompanied one of the French generals yesterday as far as the second German line in the French attack on the Aisne front.

General Pershing was with General Franchet d'Esperey at first observing the attack from a favorable post some distance in the rear of the French front lines. Then General Pershing, going into the French trenches.

This they did, but General Pershing was not satisfied and went on through the shell fire into the first line of the captured German trenches and then into the second line. General Pershing's imperturbable attitude during this time is the talk of the French army.

The American general afterwards went with General Franchet d'Esperey to General Petain's headquarters and was present when General Franchet d'Esperey gave the commander-in-chief a detailed report of the successful attack.

## NO PROSPECT OF AN EARLY PEACE

Gradual Weakening of German Civilian Morale Realizing War a Failure.

WASHINGTON, Oct. 24.—No immediate prospect of peace despite Germany's gradual weakening of morale in the civilian population and the army is seen by Pleasant A. Stovall, minister to Switzerland who called on President Wilson today on his first return from his post in four years.

"The German people," said Mr. Stovall, "are slowly realizing that the war is a total failure. As this spirit grows it will cause some sort of a revolution but I do not think anyone can forecast what form this will take. Food and other economic conditions in Germany are very bad and growing worse."
